

Links of Love

Join in the fun today!

This Christmas, we're asking schools, families, youth groups and care homes to make paperchains to spread some joy across the generations.

Simply print out the template from our website, decorate your paperchain with messages of love and goodwill, add some colour and then get in touch.

Paperchains will be sent to a local care home to display in the window and bring joy to the older people and staff who work there.

To let us know when you have finished or to request a template please email harriet@aliveactivities.org or call 0117 377 4756 and ask for Harriet.
