

ACTIVITY WORKSHEET FOR CARE HOMES

CAN YOU MAKE SOMEONE LAUGH THIS EASTER?

This spring, we're running a big intergenerational joke swap, with care home residents and young people sharing their favourite jokes.

HOW TO TAKE PART:

1. Photocopy the sheet with the egg-shaped templates. Cut out the eggs, one per resident. This can be on paper or card (but card would be better!).
2. Ask residents to come up with their own joke, or think of their favourite rib-tickler, and write them on the egg. A member of staff may need to help some residents with this.
3. Decorate the egg however they would like! Colours, stickers...anything goes! As long as the joke can be read clearly.
4. Write their name and age on the back of the egg.
5. Snip on the cross at the top of the egg to make a hole. The eggs can then be strung into a garland with string.

Let us know if you'd like to
be a part of the fun!

We can send you over an activity pack with some materials and decorations to use too.

Let us know when you are finished. We can then distribute these garlands to schools nearby, to get the pupils thinking of their own jokes.

You will also receive some decorated garlands from young people. These should bring some laughter, as well as being lovely decorations for the home this Easter.

LET'S SPREAD
SOME SMILES
THIS EASTER &
CRACK A
YOLK!
