

ACTIVITY WORKSHEET FOR SCHOOLS

CAN YOU MAKE SOMEONE LAUGH THIS EASTER?

This spring, we're running a big intergenerational joke swap, with care home residents and young people sharing their favourite jokes.

HOW TO TAKE PART:

1. Photocopy the sheet with the egg-shaped templates. Pupils can then cut out the eggs. This can be on paper or card (but card would be better!).
2. Ask pupils to come up with their own joke, or think of their favourite rib-tickler, and write it clearly on the egg.
3. Decorate the egg however they would like! Colours, drawings, stickers, glitter... anything goes! As long as the joke can be read clearly.
4. Write their name and age on the back of the egg.
5. Snip on the cross at the top of the egg to make a hole.
6. The finished eggs can then be strung into a garland with string.

Let us know if you'd like to
be a part of the fun!

Let us know when you are finished. We can then distribute these garlands to care homes nearby to decorate their homes this Easter, bringing joy to residents and staff.

You will also receive some decorated eggs from care home residents, with their favourite jokes on. These can act as a prompt for pupils to create their own jokes. Can they think of something funnier?

LET'S SPREAD
SOME SMILES
THIS EASTER &
CRACK A
YOLK!
