# Leaving Your Legacy

Support joyful moments for people living with dementia.

Learn more about leaving a gift in your Will to Alive.

# Why Your Support Matters

Living with dementia can feel isolating, for those affected and those that care for them.

But when you support Alive, you help make sure no-one faces dementia alone.

We believe that everyone deserves moments of purpose, laughter and belonging, and our services depend on continued funding to:

**Run activity groups across our community**

**Train and support skilled staff and volunteers**

**Reach even more isolated older people**

Leaving a gift in your Will helps people you may never meet.

But their lives will be **brighter because of you.**

There is no obligation and no gift is too small to make a difference.

Every legacy helps us continue our work of supporting people living with dementia and their carers.

For many who leave a gift in their Will to Alive, they find comfort in knowing that: their **values** will live on, **others will benefit** from the same kindness they've seen, and **future generations** will continue to receive vital support.

Ensuring joy for today, tomorrow, and in the future.

## A Gift That Keeps Helping Others
